

FIG. 1

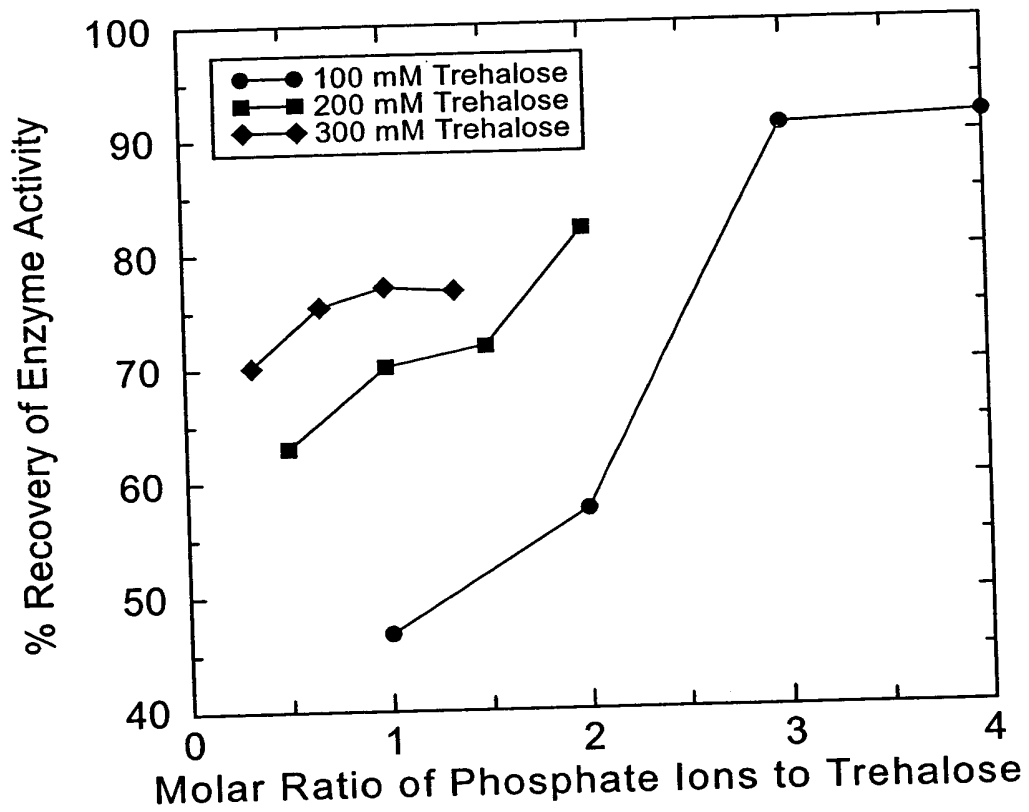

FIG. 2

Recovery of 25ug/ml LDH Protected by 200mM Trehalose after
being Stored at 37 Celcius Over Time

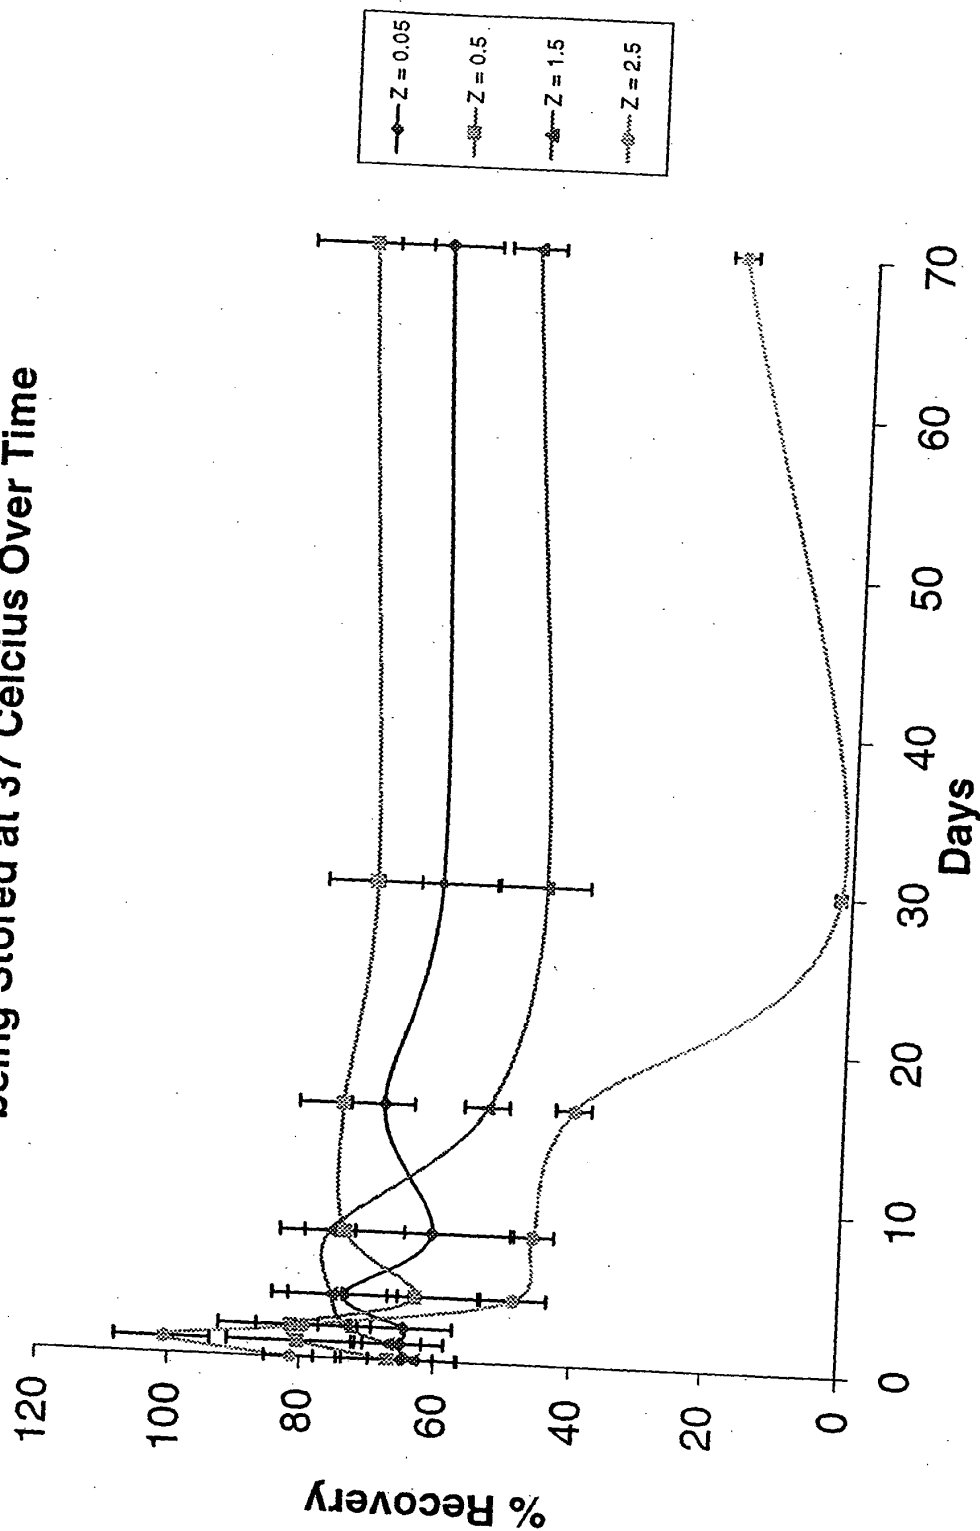

FIG.3

Recovery of 25ug/ml LDH Protected by 200mM Trehalose after
being Stored at 30 Celcius Over Time.

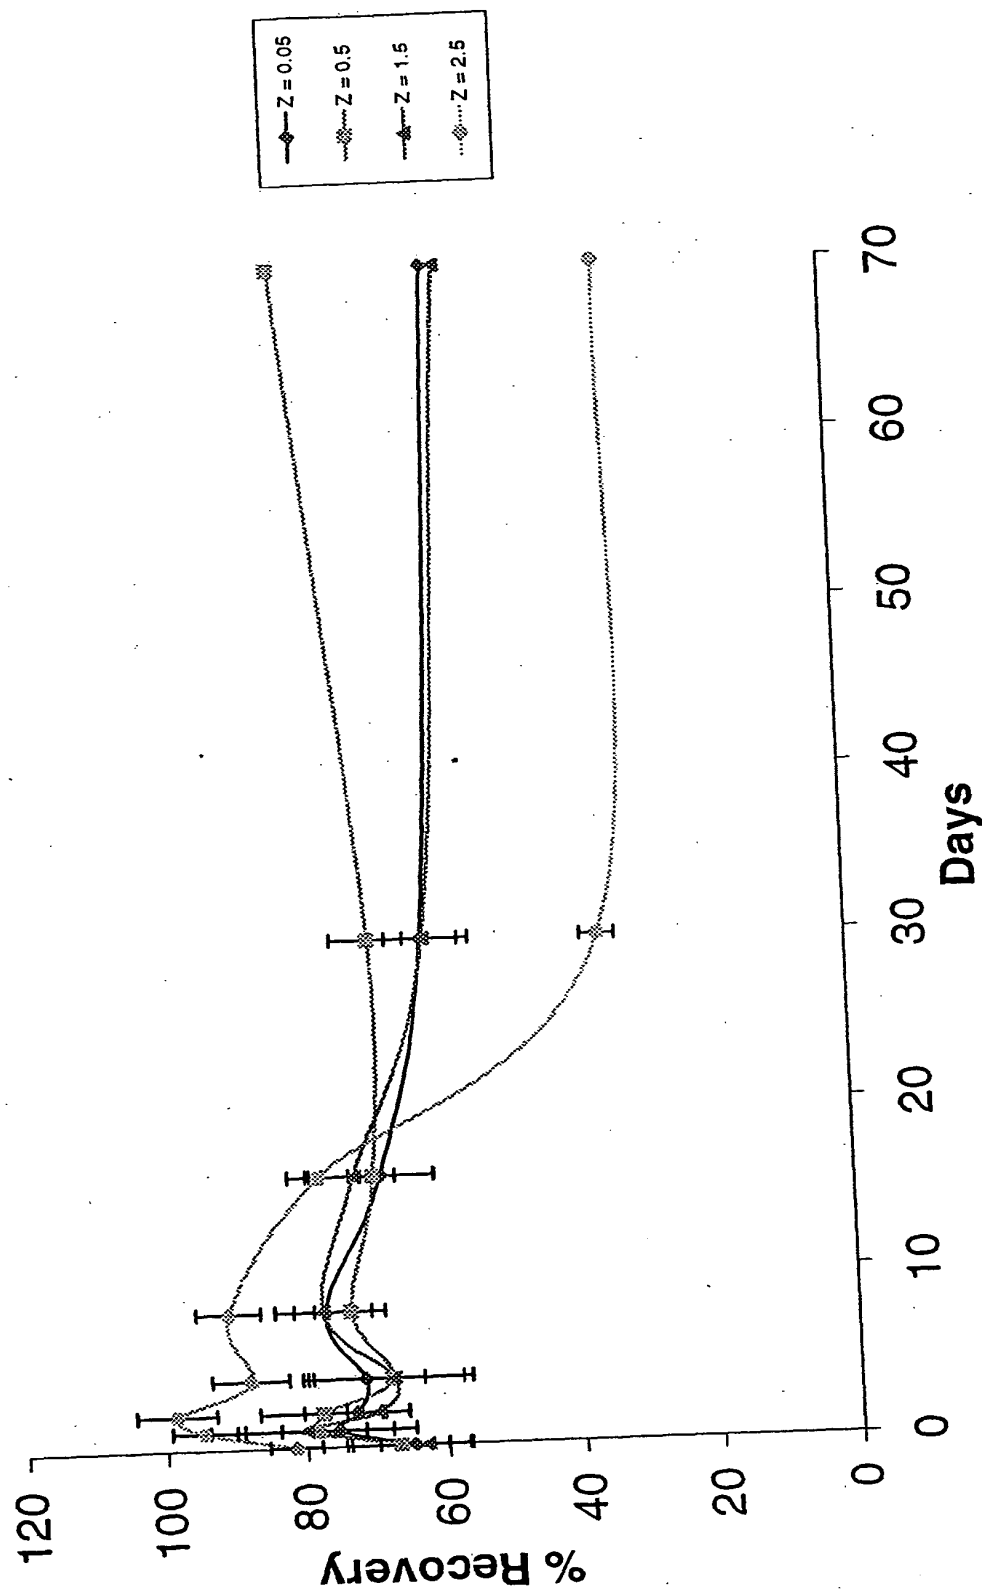

FIG.4

Recovery of 25ug/ml LDH Protected by 200mM Trehalose after
being Stored at 4 Celcius Over Time.

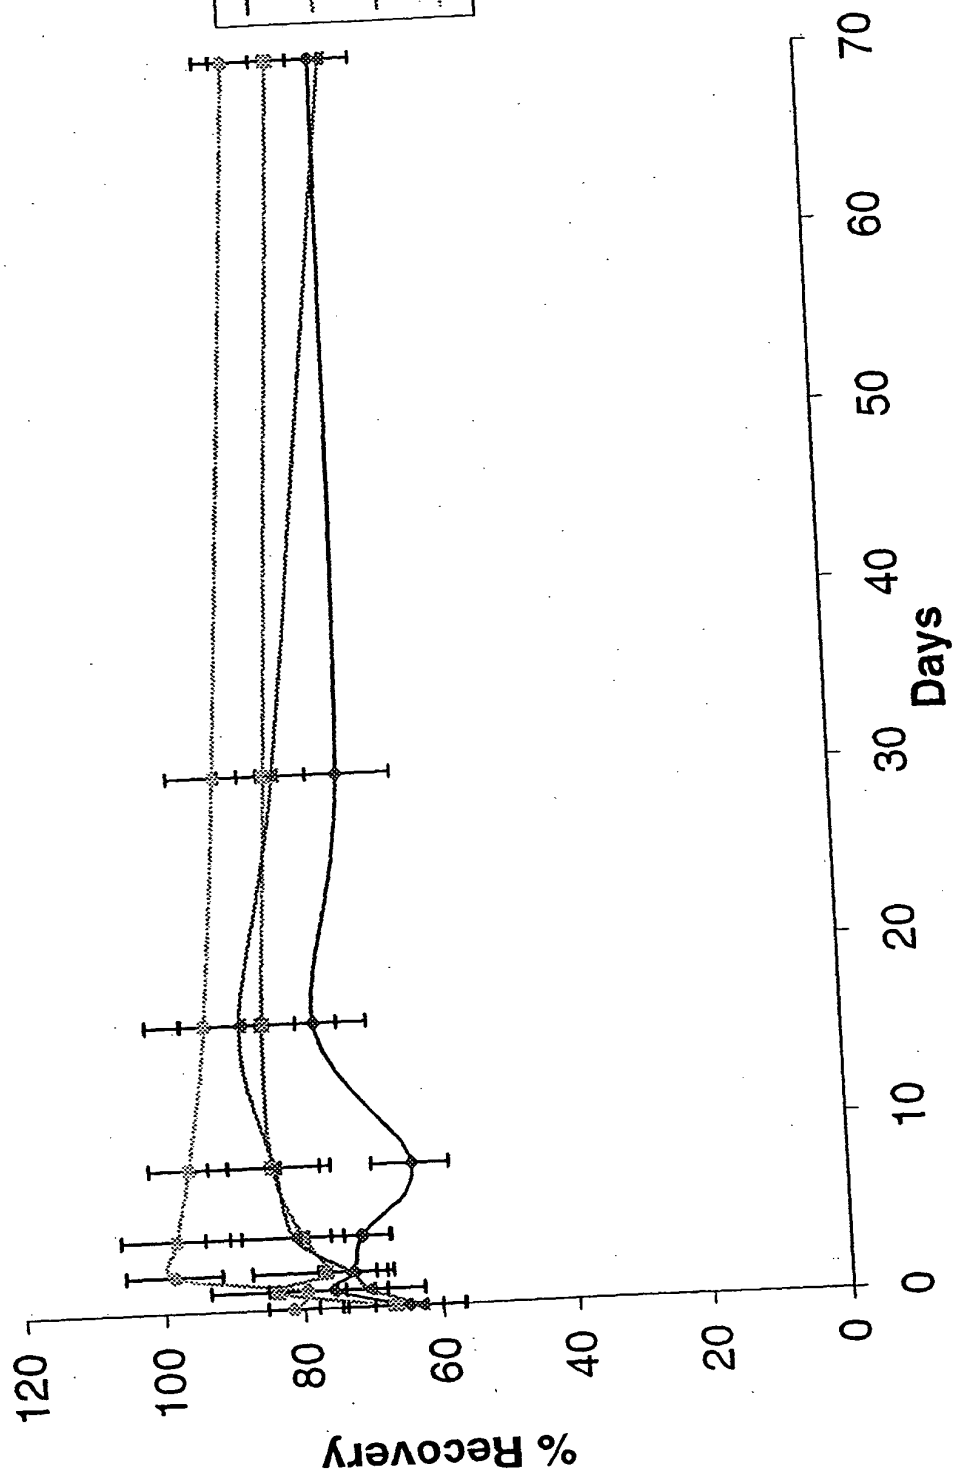

FIG. 5

Glass Transitions of Various Sugar-Ion Systems

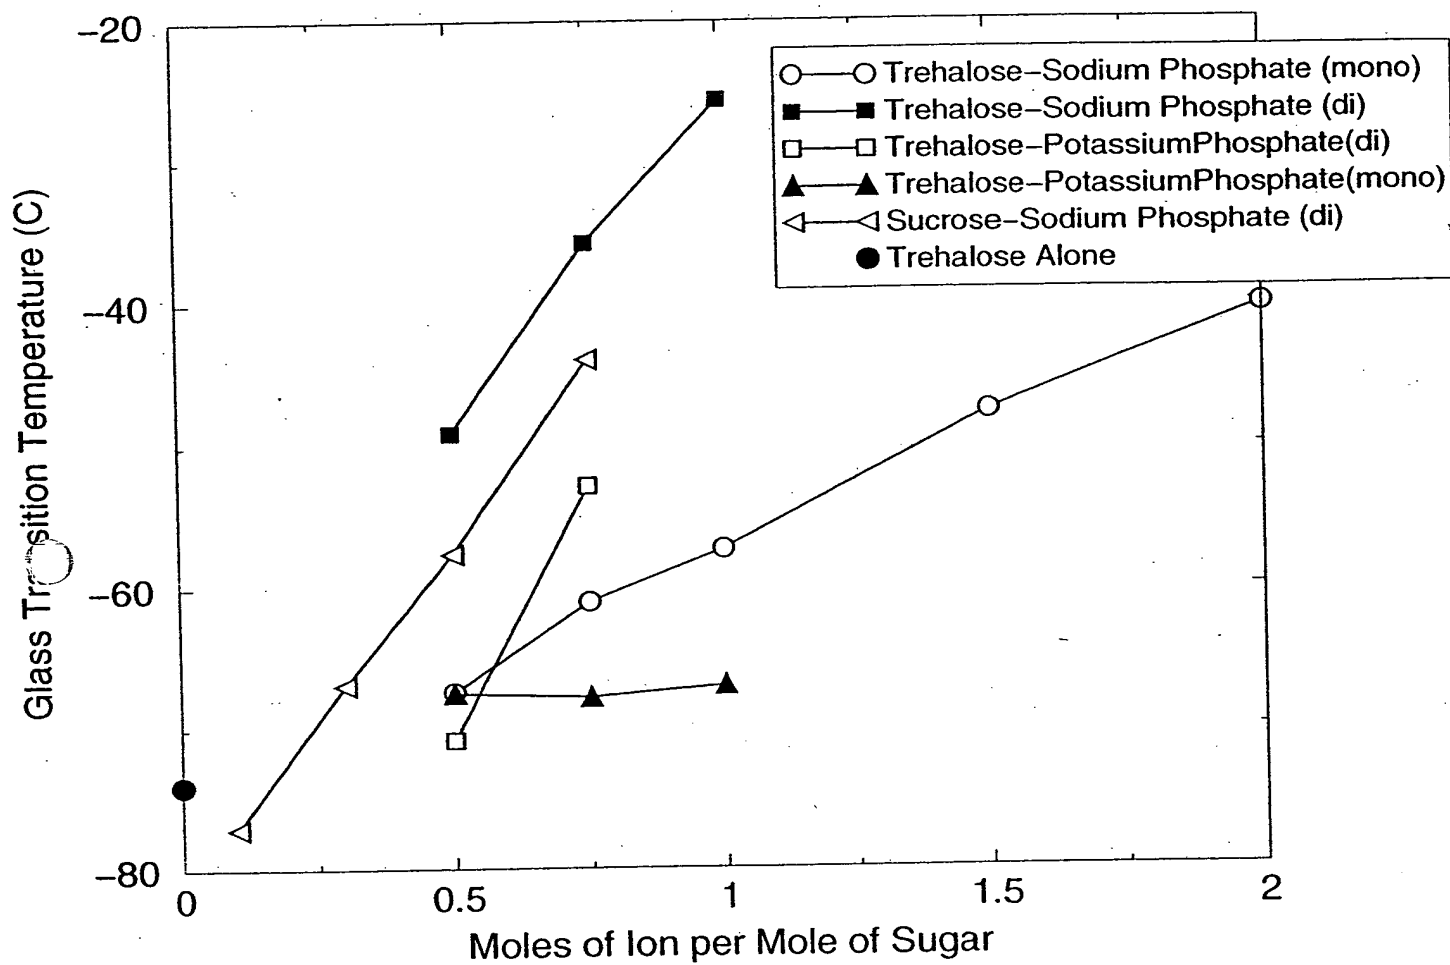

FIG. 6
